

i.am

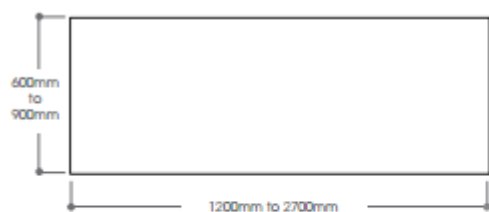

i.am is a totally flexible and versatile table base that provides a complete family of product options for the commercial environment.

i.am provides options such as a tilt-top stacking table (i.am Turn). By adding frame spacers, legs and feet, the possibilities with i.am are endless, accommodating desks and tables with a variety of top widths to infinite length.

i.am has been designed to be environmentally friendly and with responsibility for recycling in mind. It is manufactured using recyclable materials including steel, aluminium and polypropylene, and is easily disassembled for the recycling process.
